

NEXT HOUSE WILL BE DEMOCRATIC

(Continued From First Page.)

which we are pitted are now working hand and glove with all the great sinister interests of crooked finance, the breath of whose nostrils is special privilege. The sinister financial interests fatten on political corruption, and bipartisan alliance between them and Tammany Hall is fraught with the gravest menace to the welfare of the plain people of the State.

"Against this bipartisanism of corrupt politics and corrupt finance, we have a right to expect the wholehearted support of all honest citizens, and particularly all men who believe in honest politics and honest business."

Colonel Roosevelt reiterated the charges he made against Mr. Dix, chiefly concerning his labor record and his attitude on the tariff, and said:

"Every wageworker should stand with us, for we are fighting the wage-workers' battle. Every honest citizen should stand with us, for we are fighting the battle of the honest Lincoln plain people. The Wall Street-Tammany campaign has completely collapsed; they have not answered one argument of Mr. Stimson's. They have not advanced a single honest argument in their turn; they have been hammered out of every position they have taken. Their sole chance of beating Mr. Stimson and his policies, as frankly stated in the campaign circular distributed by Tammany Hall through Wall Street, lies in a large outlay of money."

Mitchell Attacks Dix.
New York, November 6.—John Mitchell, who, as president of the United Mine Workers' Union, directed the great anthracite strike of 1902-1903 and now one of the vice-presidents of the American Federation of Labor, issued through Republican State headquarters an open letter attacking the labor record of John A. Dix, the Democratic candidate for Governor. The letter says in part:

"When the charge was first made that Mr. Dix, candidate for Governor, required the employees in his mills to work thirteen hours each night, I assumed that the charge had no basis in fact, and that it would be answered by a specific denial; however, up to this hour no denial has been made and no explanation has been offered by Mr. Dix."

"On the contrary, investigation has demonstrated that the employees of paper mills controlled by Mr. Dix are required to and do work thirteen hours each night. It also has been charged and not denied, that the workmen in his mills received in return for these excessively long hours only \$1.75 per night, or 12 1/2 cents per hour. "If the great State of New York and all its municipalities ordain eight hours as a fair day's work, what justification can there be for excusing or defending a thirteen-hour day in the paper mills controlled by Mr. Dix? The statute of the State of New York establishing the eight-hour day was enacted at the solicitation of the wage earners. Does it seem reasonable to suppose that Mr. Dix, who requires his own men to work thirteen hours each night, would sympathize with a law which establishes for State and municipal employees an eight-hour working day?"

"In my opinion the wage earners should distinguish between the candidates for office, and that quite apart from political considerations, they should oppose the election of any candidate of any party who is not in sympathy with their efforts to secure and maintain fair wages, eight hours and just conditions of employment."

Glascocock Hopeful.
Wheeling, W. Va., November 6.—Governor William E. Glascocock pre-

Miles M. Martin, Chairman, Walter G. Duke, Secretary,
Arney Bowman, Treasurer

City Democratic Committee,
Richmond, Va., Nov. 4, 1910.

To the Democratic Voters, City of Richmond, Richmond, Virginia:

The Republican party in this district is working earnestly to secure votes for its candidate for Congress.

The City Democratic Committee wishes to remind you of the election of a Congressman for this district on Tuesday, November the 8th, and earnestly calls upon the Democratic voters of this city to come to the polls on election day and cast their ballots for Captain John Lamb, the Democratic nominee, a gentleman who has the confidence of his fellow-citizens and is eminently worthy of so high an honor.

The right to vote is more than a privilege—it is a duty—and I can but remind the citizens that bad or corrupt government is more due to the neglect and indifference of the good citizens than to conspiracies or combinations of the bad and corrupt. I therefore urge that it is the imperative duty of all citizens to exercise the elective franchise, and especially is this duty binding on all those who participated in the late primary.

By order of the Committee.

M. M. MARTIN, Chairman.

dicts a Republican State Legislature, with a majority at least of twenty, which is half the present majority. The next Legislature will elect a successor to United States Senator N. B. Scott (Republican). There are Democratic claims that two of the five Republican Congressmen are in grave danger in the First and Second. Tariff is the main issue, and since it is an off year without a gubernatorial election a rather small total vote is expected.

Chairmen Optimistic.
Indianapolis, Ind., November 6.—Predictions by the State chairmen of the two political parties marked to-day's developments in Indiana. "We will have a majority of twenty-four on a joint ballot in the Assembly, which will insure the re-election of Senator Beveridge over John W. Kern," Chairman Lee, of the Republican State Committee, said, "and we also will elect a majority of the Congressmen." "The Democrats are certain of control of the State Assembly, and we will elect all of the thirteen Congressmen," was the statement given out by Chairman Jackson, of the Democrats. "Both chairmen are equally optimistic of the outcome of the State elections, all of whom except the Governor and Lieutenant-Governor are to be elected."

Harding's Valedictory.
Cleveland, O., November 6.—Although the Ohio campaign was officially closed last night, Warren G. Harding, the Republican candidate for Governor, will deliver a valedictory to his home people at Marion to-morrow night in addition to two minor addresses. "I believe I shall be elected by a margin of 30,000 votes," he said. Governor Harmon, as he left Sandusky, O., this morning, declared:

"I understand that my friends say I shall be elected by 50,000 votes."

"I understand that my friends say I shall be elected by 50,000 votes."

Estimating the Vote.
Philadelphia, Pa., November 6.—With only one day intervening before the polling of the vote which will decide the election of one Governor and other State officers, members of Congress and representatives to the State Senate and Legislature, the leading candidates spent to-day estimating the result of the election. Each of the gubernatorial nominees appeared confident of election and predicted success for themselves in Tuesday's contest.

Republican State Chairman Henry F. Walton, who is in this city, rested on his prediction that the Republican candidate will be victorious by a majority estimated at 156,000. Webster Grim, the Democratic candidate, to-night made public a carefully figured out prediction in which he estimates that his plurality will be 17,000.

"Silent" Vote Will Count.
St. Paul, Minn., November 6.—Based on their estimates on reports received yesterday and to-day, the Republican and Democratic State chairmen predicted victory for their parties in the election next Tuesday, when a complete State ticket and nine Congressmen will be elected.

Chairman Edward Smith, of the Republican Committee, places Governor Eberhart's plurality at not less than 50,000, while Chairman Day, of the Democratic State Committee, predicts James Gray's plurality at a plurality of between 25,000 and 25,000.

Both parties admit that the "silent" vote will be an important factor in the result.

Can't Predict Result.
Oklahoma City, Okla., November 6.—Close observers to-night say it is impossible to predict the outcome of election in this State, though managers of both parties profess confidence. The Republicans are counting on satisfaction with the administration of Governor Starnes to elect their ticket, but at Democratic headquarters the prediction is made that Lee Cruce, the Democratic candidate, will win by 40,000 to 50,000.

No Figure From Democrats.
Topeka, Kan., November 6.—Republican leaders are confident to-night that Governor W. A. Stubbs and the State ticket will be elected Tuesday by pluralities of 20,000 or more. The Democratic managers are giving no figures, but profess confidence that they will carry the State. They are counting on Republican dissatisfaction, growing out of the bitter primary contest, to elect their ticket.

Clark Has Had Contest.
St. Louis, Mo., November 6.—Though the campaign nominally was closed last night, it might have been the contests that political meetings will be held to-morrow night at different points throughout the State preparatory to Tuesday's election. Several meetings are scheduled in St. Louis alone.

In the Ninth Congressional District.
Congressman Champ Clark, who is engaged in the most spirited contest of his career, will deliver at least two speeches and perhaps more. The Democratic senatorial contest will be enlivened by final addresses at several points.

No Change in Forecasts.
New Haven, Conn., November 6.—The leaders of both parties made no change to-day in their political forecasts, the Republicans looking for an "off year" plurality of from 15,000 to 25,000 and the Democrats confident of winning by 8,000.

Many Sunday Rallies.
Providence, R. I., November 6.—Sunday witnessed little cessation of the Democratic political campaign in Rhode Island. Eleven rallies were held in various towns and cities. Each of the leading parties is preparing confident of victory in Tuesday's election. The most sanguine Democrats figure on a plurality of 3,000, while the maximum Republican prediction is 11,000.

Murphy's Statement.
New York, November 6.—Charles F. Murphy, leader of Tammany Hall, said to-night:

"The reports of our district leaders foreshadow an unprecedented majority for the ticket in this county. I am confident that Mr. Dix and the three Democratic ticket will receive in this city a larger majority than has any Democratic ticket before, and that the entire Democratic ticket will be elected by a surprisingly large majority."

Mr. Murphy, however, adhered to his steadfast policy of giving out no figures.

Day of Quietude.
Trenton, N. J., November 6.—This was a day of quietude for the politicians, and the situation is the same as last night, when the campaign practically closed.

United States Senator Frank O. Briggs, chairman of the Republican State Committee, said to-night that he saw no reason to revise the figures given out by him to-day; in which he claims that Vivian M. Lewis, the Republican candidate for Governor, would be elected by a plurality of 23,400.

The Democrats are sanguine of a landslide, and consider the election of Dr. Woodrow Wilson the certain. Dr. Wilson to-night said that his attention had been called to the distribution of circulars in South Jersey charging that his "nomination had been brought about by Wall Street influences" and

that these influences were backing his election. Dr. Wilson said the charges were "utterly false." He said he never "had any connection of any conceivable sort with Wall Street."

Socialist Mass-Meeting.
Milwaukee, Wis., November 6.—A mass-meeting to-night under the auspices of the Socialist Democratic party was the Sunday feature of the closing political campaign. Karl Liebknecht, of the German Reichstag, and Victor L. Berger and Winfield R. Gaylord, candidates for Congress in the Fifth and Fourth Wisconsin Districts, made addresses.

The Republicans and Democrats rested to-day, having practically closed their campaigns last night.

No Important Change.
Concord, N. H., November 6.—The political campaign in New Hampshire underwent no important developments to-day. Neither State committee sees any reason to change its previous hopeful estimates, but veteran observers pointed out that all forecasts are of little value because of the independent vote that is expected to be polled.

Both Claim Victory.
Boston, Mass., November 6.—Final efforts were made to-day by the campaign managers of both the Republican and Democratic parties to reach the independent voters who have not been appealed to personally by the orators that have swept the State in the last few weeks.

Thousands of circulars and letters have been prepared to reach the voters in to-morrow's mail.

Congressman Eugene N. Fass, the Democratic gubernatorial candidate, and his managers predict a Democratic victory by from 10,000 to 50,000. Governor Eben S. Draper, who seeks a third term, and other Republican leaders claimed a Republican victory on Tuesday by from 10,000 to 35,000.

Agreement Reached.
Constantinople, November 6.—An agreement has been reached between the Turkish government and German bankers for a loan of 11,000,000 Turkish pounds. The price is 54, with interest at 4 per cent. As it is impossible to issue a loan at present, the bankers will advance to the government, according to requirements, necessary sums against treasury bills at 5 1/2 per cent.

Leg Is Badly Gashed.
Savannah, Ga., November 6.—Etienné Blanche, of New York, co-designer of the Roebing-Blanche car, entered in the Grand Prix, had his leg badly gashed this afternoon when his car collided with a street car.

City of New York.
Office of the Mayor,
November 5, 1910.

Sir,—I am glad to perceive from your letter of November 4, just received, that I have already so far cured you of that propensity to make false statements that you drop your forged quotation from my letter to Mr. Ridder, and use the correct quotation. While the lamp holds out to burn the vilest sinner may return. Sincerely yours,

W. J. GAYNOR.

E. P. Prentice, Esq., Chairman.
This is a candid and anxious to find out just what Mr. Prentice would have to say to this communication, for he sent a messenger to Mr. Prentice's headquarters to wait for an answer. Mr. Prentice kept him waiting for about two hours, and then sent him to the City Hall with this:

My Dear Sir,—I beg to acknowledge your letter of November 5, in which you are unable or unwilling to reply to my inquiry about John J. Kennedy. My quotation from your letter to Mr. Ridder was taken from the newspapers.

Yours very respectfully,
EZRA P. PRENTICE.

The Hon. William J. Gaynor, City Hall, New York City.

Asked if he expected to get another reply from the Mayor, Mr. Prentice said he thought not, as he did not see how Mr. Gaynor could possibly answer him after he had evaded the question in his first letter. He said he was prepared to keep up the epistolary duel as long as his inkwell held out.

CZAR AND KAISER HUNT

1,500 Deer Driven Past Royal Stands in New Oranienburg Preserve.

Berlin, November 6.—The Czar hunted in the Kaiser's new game preserve, near Oranienburg, twenty-six miles northeast of Berlin. A battalion of soldiers, with foresters, had been engaged for some days in assembling some 1,500 deer, hares and other four-footed game within an inclosure, from which the animals were driven out to-day past a line of platforms concealed by pine branches. Upon these the royal party and twenty-two other court hunters had taken positions, ready for the killing. The Czar was allowed the first shot.

Early in the day the forest was thoroughly searched by troops to make sure that no animal, no one whose presence was unauthorized.

RAILROAD MAN SHOT HIMSELF

Nervous Prostration Made Charles A. Messer Try Suicide.

Wakenfield, Mass., November 6.—Charles A. Messer, assistant superintendent of the Portland division of the Boston and Maine Railroad, shot himself twice in the head with suicidal intent at his home here.

In a critical condition, but may recover, his doctor says. He has been suffering from nervous prostration for several months.

EXCHANGE CHILDREN, IS PLAN PROPOSED

Boston, Mass., November 6.—Children as well as university students should be exchanged between the centres of Europe and America, it was proposed by Dr. Ernest Richard, of Columbia University.

Addressing the Twentieth Century Club, of this city, Professor Richard declared that "the present practice of sending exchange students to European centres ought to be extended to children and youths of both sexes in all walks of life."

Professor Richard's idea was to enable families of small means to place their children with families in other countries. Such exchanges, he said, would prove of immense benefit to mankind, educationally and commercially.

THREE MEN ESCAPE FROM MARION JAIL

Indianapolis, Ind., November 6.—Three men escaped from the Marion county jail here to-day, and a fourth was halted by a policeman just as he slid down the improvised rope of bed sheets. The escaped prisoners, who are still at large late to-night, are Robert D. McKilletts, charged with having robbed the Acton post-office; Joseph Marquette, charged with having stolen a horse at Springfield, Ohio; and Alvin James, charged with having violated the Federal pure food laws.

It is believed that a wholesale jail delivery had been planned, as the cell windows bars had been sawed. A resident near the jail, who saw the improvised rope dangling from the second-story window and called the police, prevented the success of the plan.

GAYNOR AGAIN TURNS THROUST

"While the Lamp Holds Out to Burn the Vilest Sinner May Return."

PRENTICE HAD EXPLAINED

Said He Took Newspaper Reports About Mayor's Advocacy of Keogh.

New York, November 6.—More notes were exchanged between Mayor Gaynor and Ezra P. Prentice, chairman of the Republican State Committee, yesterday. Mr. Prentice started off by making public the letter which he sent to the Mayor in reply to the latter's letter advising Mr. Prentice to "pray every morning for God to direct you to tell the truth and see what fruits it will bear." This letter exhorting Mr. Prentice to pray was in reply to a statement by Mr. Prentice saying that the Mayor favored the nomination of Judge Keogh at Rochester, and not Mr. Dix. Here is Mr. Prentice's reply to Mayor Gaynor's first letter:

Hon. William J. Gaynor, City Hall, New York City.

My Dear Sir,—Your letter of November 5, to the newspapers a day before its receipt by me, reached me this morning.

I never understood that Judge Keogh was a candidate for Governor, but I am reliably informed that Judge Keogh said that you favored his nomination.

The point of my interview was the inquiry whether, when you wrote in the letter to Herman Ridder, referring to Mr. Dix, "his associates also measure up to those who are run-down against them," you were familiar with the record of John J. Kennedy, the Democratic candidate for State Treasurer. To that you do not reply, and I now ask you the question directly.

Very respectfully yours,
EZRA P. PRENTICE.

The Mayor quickly came back with this:

City of New York,
Office of the Mayor,
November 5, 1910.

MANY IN FAVOR OF VOTES FOR WOMEN

Twenty Per Cent of Congressional Candidates Reply in Affirmative.

Washington, D. C., November 6.—More than 20 per cent of the men nominated by the Democratic and Republican parties as candidates for Congress at the coming election are in favor of suffrage for women, either in full or partially, according to the congressional committee of the National American Woman Suffrage Association.

In order to ascertain the view of prospective Congressmen on the subject of woman suffrage, the committee conducted a canvass by mail. In a letter sent to the nominees the committee endeavored to obtain answers to the question of whether the nominees were in favor of or opposed to full suffrage, municipal suffrage, school suffrage or suffrage in any form for women. They also were questioned whether, in favor of full suffrage, they approved an amendment to the United States Constitution granting to women the right to vote.
